**£18.95 Hardback**

**Book 12 in the series Vintage Britain**

**ISBN: 978-1-914314-28-5**

**This book is carbon neutral\***

*Raise a glass to this nostalgic, visual celebration of old London boozers and those who brought them to life.*

This collection of glorious photographs from the last century is a heady, frothy tour of London's best pubs and the people who propped up the bars and filled the rooms with smoke and laughter. Without its pubs, London just wouldn't be London. They are the backbone and heart (not to mention the liver) of this great city. Celebrating the bartenders, musicians, gamblers and chancers that congregate to get one more round in, these uplifting images show us tipsy Londoners at their best – reveling in community, friendship and the art of letting loose.

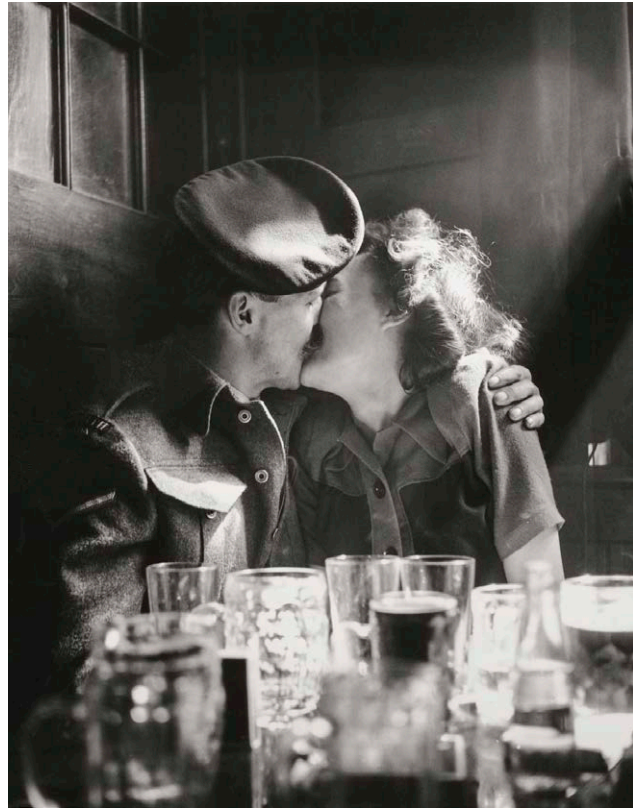

Part of the *Vintage Britain* series: collectable books celebrating the recent history of these isles through beautiful photography.

**Hoxton Mini Press** is a small indie publisher based in East London. They are dedicated to making collectable photography books that are accessible, affordable and playful, and believe that as the world goes more online beautiful books should be cherished.

*\*Every time we send a book to print, we calculate the carbon footprint of its production and partner with Stand for Trees to offset it. We also plant a tree for each book bought from our website.*
